

ANSHUL GOUR

Ujjain, Madhya Pradesh | anshulgour40@gmail.com | +91 7999538771 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Aspiring Frontend & MERN Stack Developer with hands-on experience building responsive web applications using React.js, JavaScript, Tailwind CSS, and modern web technologies. Skilled in creating user-friendly interfaces, implementing API integrations, and developing real-world projects. Currently expanding full-stack development expertise by learning Node.js, Express.js, and MongoDB. Passionate about problem-solving, continuous learning, and building scalable web applications.

EDUCATION

Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore

Bachelor of Technology – Computer Science & Engineering

2022 - 2026

CGPA: 7.2 / 10.0

Lokmanya Tilak School, Ujjain

Class XII (Senior Secondary) | 78% | 2022 Class X (Secondary) | 67% | 2020

TECHNICAL SKILLS

Languages: Javascript, SQL, HTML5, CSS3, Python

Backend: Node.js, Express.js (Basics), REST API Development

Frontend: React.js, Tailwind CSS

Database: MySQL, MongoDB Atlas

Deployment Tools: Git, Github, Vercel, Netlify, VS Code

PROFESSIONAL EXPERIENCE

Artificial Intelligence Intern | Allsoft Solutions and Services Private Limited

Jan 2026 - May 2026

Remote

- Developed a Sentiment Analysis application using Python and Natural Language Processing (NLP) techniques to classify product reviews, analyze customer feedback, and generate meaningful sentiment insights from textual data.
- Worked with AI and machine learning tools to build application workflows and integrate key features.
- Performed data preprocessing, model testing, and sentiment classification while following software development best practices.
- Collaborated in a project-based environment, improving problem-solving, analytical thinking, and technical development skills.

PROJECTS

AGX Media — Marketing Agency Platform | [GitHub](#)

React.js, Tailwind CSS, Framer Motion, Node.js, Express.js, MongoDB Atlas

- Developed a responsive marketing agency platform using React.js, Tailwind CSS, and Framer Motion, featuring dynamic portfolio showcases, category-based filtering, and modern UI/UX design.
- Built and integrated a Contact Us system using Node.js, Express.js, and MongoDB Atlas to securely collect, store, and manage client inquiries through REST APIs.

Flavour Fusion – Restaurant Ordering Web Application | [GitHub](#)

React.js, Tailwind CSS, Framer Motion, Context API, JavaScript

- Developed a responsive restaurant ordering web application using React.js, Tailwind CSS, and Framer Motion, featuring advanced menu filtering, theme switching, and modern UI/UX design.
- Developed cart management and state handling functionality using React Context API and localStorage, enabling seamless order processing and an enhanced user experience across devices.

AURA — Luxury Jewellery E-Commerce Website | [GitHub](#)

React.js, Tailwind CSS, Framer Motion, JavaScript, Context API

- Developed a modern jewellery e-commerce frontend using React.js, Tailwind CSS, and Framer Motion, featuring editorial layouts, product collections, responsive design, and smooth micro-interactions.
- Implemented product filtering, wishlist, cart management, and responsive product browsing using React Context API.

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL - Cloud Computing** - Cloud infrastructure, virtual machines, storage, networking, and scalable application deployment.
- IBM Skills Network –RDBMS Certification** - Learned SQL queries, normalization, and relational database design with hands-on practice.
- NPTEL – Soft Skills Development** - Communication, teamwork, workplace professionalism
